

LIVE BUSINESS CLASS

WHY SHOULD THE LUXURY OF COMFORT AND SPACE BE RESTRICTED TO A SELECT FEW? HOW LONG WILL WE DRIVE COMPROMISES?

NOT ANYMORE.

WE HAVE REIMAGINED THE CODES OF LUXURY, REDEFINED THE BENCHMARKS OF COMFORT, AND REKINDLED THE IDEA OF IMMERSIVE TRAVEL.

SO YOUR DRIVES FEEL BEYOND THE ORDINARY. SO YOU TRAVEL FURTHER.

SO YOU DISCOVER MORE IN YOUR JOURNEYS.
SO YOU ENJOY AN EXPERIENCE THAT'S
TRULY A CLASS APART.

WHAT'S NEW IN WINDSOR PRO?

INDUSTRY-FIRST INITIATIVES

MG Motor has pioneered industry-first initiatives for the battery rental, charging ecosystem, lifetime warranty** and over-all ownership aimed at breaking the barriers and making adoption of EVs easy and accessible.

LIFETIME WARRANTY

on battery for first owner**

3-60 Assured Buy Back*

*BaaS is a unique retail financial product. Battery rental per km is applicable basis different offers given by respective finance partners. Vehicle shall be under the hypothecation of respective financier. All applicable taxes, surcharges and other fees, if any, on any voucher, purchase, registration, etc. shall be borne by the customer. Battery rental shall be exclusive of the charges borne by the customer in charging the vehicle. Finance is at the sole discretion of financier as per the credit policy and norms of respective financer. For more details, connect with respective financer/website. In the event that battery gets damaged due to any external factor due to customer's fault, the customer shall be liable to bear the cost of the battery. Applicable only for private registration vehicles. Terms and conditions may change as per applicable laws and policies. "The Buyback plan price varies basis age & running of the vehicle. For any doubts or clarifications, please reach out to your nearest MG dealership to understand the applicable terms and conditions. **For first registered owner. Applicable for private registration only. In case of ownership change, warranty on HV battery will be 8 years or 1,60,000 km, whichever is earlier from the first ever date of delivery of the vehicle. Refer Owner's Manual for more details. The warranty coverage for 12V battery, tyres is valid for 1 Year, while for infotainment system is valid for 3 Years. T&C apply.

FIRST-IN-SEGMENT

AERO-LOUNGE* S E A T S WITH 135° RECLINE

POWER YOUR DRIVE

The long-lasting and reliable battery of the MG Windsor EV delivers a powerful performance in all four driving modes - Eco+, Eco, Normal and Sports - and keeps you free of worries and immersed in the drive.

Our prismatic cell battery meets the optimal safety standards and is certified to operate with durability and stability.

AUTONOMOUS LEVEL 2 FEATURES

The MG Windsor PRO features 12 Advanced Driver Assistance System (ADAS) functions, operating on 3 levels of warning (haptic, audio, and visual).

Its Autonomous Level 2 capabilities enhance comfort and safety by automating driving controls, including acceleration, braking, and steering assistance, to provide a more secure driving experience.

TRAFFIC JAM ASSIST (TJA)

TJA combines Adaptive Cruise Control (ACC) and Lane Keep Assist (LKA) to navigate heavy traffic with ease. It maintains a safe distance and keeps the vehicle centred in its lane, reducing driver effort and enhancing safety and comfort in congested traffic conditions.

ADAPTIVE CRUISE CONTROL (ACC)

Bend Cruise Assistance (BCA)

The ACC system senses the road ahead, automatically adjusting speed to maintain a safe distance from the vehicle in front. The BCA sub-function further enhances this by adjusting the vehicle speed when approaching curves, ensuring a smooth and safe drive.

LANE FUNCTIONS

Lane Departure Warning (LDW)
Lane Departure Prevention (LDP)
The camera monitors lane
markings, warning the driver of
deviations and assisting with
steering to prevent unintentional
lane departure.

Lane Keep Assist (LKA sub-function of TJA)

LKA ensures the car is being driven in the centre of the lane.

FORWARD COLLISION WARNING

Forward Collision Warning (FCW)

Automatic Emergency Braking System (AEB)

If the driver doesn't respond to a Forward Collision Warning, the vehicle automatically decelerates to prevent a collision. Operating between 10-120 km/h, AEB detects vehicles and can reduce speed by up to 60 km/h.

INTELLIGENT HYDRAULIC BRAKING ASSISTANCE (IHBA)

The feature assists driver in situation where the driver applies the brake, but the braking force is insufficient. Under such scenarios, the system will automatically increase the braking force according to the situation.

INTELLIGENT HEADLAMP CONTROL (IHC)

Intelligent Headlamp Control (IHC) activates and deactivates the high beam, depending on the oncoming traffic and environmental situations. Thus, preventing other road users from blinding due to high beam.

360° SURROUND VIEW CAMERAS AND REAR PARKING SENSORS

SAFETY BY DESIGN

A fortress made of high strength steel designed to keep you and your family safe.

SMART

Images & depictions are for illustration & representation purposes only. Features, accessories, and specifications as shown are not standard for all variants. i-SMART standard services are complementary with the purchase of a new MG.

The services are activated on the date of delivery and validity period of services will commence from such date. 2GB Data/Month free for 1 year from date of delivery. After the consumption of 2GB within a month customer needs to recharge to continue data related services. **This is an i-SMART premium feature which is a paid option for all vehicles delivered after 6th May 2025 and will need to be Subscribed from the My MG Mobile App.

POWER ON THE GO

The Vehicle-to-Load (V2L*) and Vehicle-to-Vehicle (V2V#) feature harnesses the power of the vehicle's battery to energize daily life. This innovative technology converts the DC power from the vehicle's battery into AC power, making it usable for external devices such as laptops, smartphones, power tools, and even home appliances.

With V2L, you can power devices on the go, use the vehicle as a backup power source during outages or emergencies, stay productive while working remotely, or enjoy outdoor activities without worrying about running out of power. The system also features overcharge protection, overload protection, and automatic shutdown to ensure safe and reliable operation.
